Dear Dr. Barreto and Staff:

My wife, _____, passed away on Saturday, January 30, 2016, at Hoag Hospital in Newport Beach, California. Her name may appear as _____ in your records because that is how she was identified for Medicare purposes. As a 14-year lung transplant patient, her body was unable to recover from the trauma of abdominal surgery necessitated by a sudden and completely unexpected bowel obstruction on January 19, 2016.

My family and I want to express our sincere appreciation and gratitude for the health care you provided for her over the long struggle she experienced with pulmonary difficulties. We wish the best of health and well-being to all of you.

Sincerely,

Family
